

"We have tried many laser tag brands. We started using LaserMaxx in 1999 and then laser tag finally started earning profits for us..."

Livio Miglioli, owner LaserMaxx74, France

Hallo!

In 1995 we introduced our first laser tag system. More than 20 years later, over 1.000.000 players enjoy LaserMaxx each month. Using the most durable electronics and materials LaserMaxx EVO-6 is able to withstand the rough day-to-day usage by players. Our system is robust, strong and feature-packed and enables you to always sell games to your customers.

Please take a moment to review our pricelist and feel free to give me a call or send me an e-mail with your business proposition. I will also gladly answer any questions you may have. We are very proud about our products we designed and perhaps the best way to understand the quality of our equipment might be to simply meet us at our offices... you are always very welcome!
