

# WHY LASERMAXX EVO-6 IS UNIQUE: THE NEXT EVOLUTION OF LASER TAG

Offering a variety of exciting features and options while using advanced hardware and dynamic software, LaserMaxx EVO-6 takes laser tag to the next level. How? Here's how!

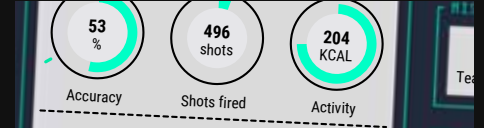

## AUTOMATIC SOFTWARE UPDATES

Feature-packed software updates are issued frequently and are installed all automatically!

## PLAYER APP

Fully integrated player portal tracking advanced player stats and after-action results.

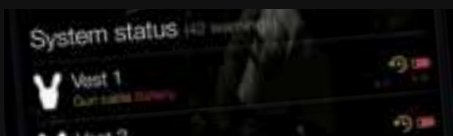

## CALORIE TRACKING

Always wondered how fit you become by playing? EVO-6 tracks the burned calories!

## LMX REALITY

Your arena, your lights and all your media will react realtime to in-game events!

## OWNER APP

Full overview and insight in your system while you are off-site... or on holiday.

## COMFORTABLE FOAM PADDING

The thick and designed foam padding make EVO-6 vests extremely comfortable.

## ARENA REVIEWS

Our system automatically registers valuable player feedback and ratings.

## DMX INTEGRATION

Automates the use of your lights, smoke machines and other electronic effects.

## SPECIAL GAME MODES & EDITOR

Experience whole new ways to play laser tag through our extensive set of game modes.

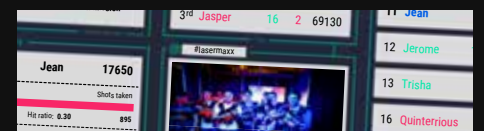

## PRISON ESCAPE INTEGRATION

Create a prison escape game inside of the play area for a hybrid laser tag experience.

## ENHANCED VOICE ENGINE (EVE)

Experience live-action feedback on your game through our integrated text-to-speech engine.

## FULL COLOR SCORECARDS

Including comprehensive data visualisation about key game statistics and milestones.

## QR CODES

With smart usage of QR codes, our systems deliver more information in less space.

## WORLDWIDE 24/7 SUPPORT

Our multilingual support team is at your service 24/7, for all your questions.

## ONE SIZE FITS ALL

Small child or big bodybuilder? Our one-sized vests can be used by anybody.

## THICK GREEN LASERS

Bright, thick and above all: fun. Our green lasers make your arena more vibrant than ever before.

## SCORESCREENS & PACKASSIGNMENT

Several screens located throughout the venue ensure a complete and thrilling experience.

## EMERGENCY EVACUATION MODE

Fire departments love this feature. Hit a single button to start the evacuation protocol!
